Over the years, B.F. SIGNORETTI has developed a special division to meet personalized requests from its customers.

Over time the company has acquired the fundamental skills to interpret customer ideas in a unique way to produce ad personam creations.

Designing, creating and amazing through uniqueness, ours is an atelier where the customer entrusts his dream to shape and dress it as a tailor would do, to dress it with emotions, art, style and beauty.

Custom-made furnishings and lighting, entirely Made in Italy, specially designed to furnish the most beautiful houses in the world in the unmistakable Signoretti Design style.

Our company has its roots in the well-rooted and consolidated experience of over one hundred years of master glassmakers, experts in the processing and transformation of glass into furnishing accessories.

Ethereal glass arabesques suspended in the air to form Murano chandeliers that alone with the warm light they shed fill the rooms with the magical atmosphere that can be breathed only in Venice.

## Tailor made chandeliers

A UNIQUE AND TIMELESS PROCESS

Each chandelier can be modified in shape, color and size; matching wall, floor and table lamps can also be created. According to the country of destination, our team will prepare the appropriate electrical parts for each light fixture, which will be accompanied by an assembly diagram at the time of shipment in addition to the certificate of guarantee.
